Understanding cables

Every cable message consists of three parts:

- The top box shows each cable's unique reference number, when and by whom it originally was sent, and what its initial classification was.
- The middle box contains the header information that is associated with the cable. It includes information about the receiver(s) as well as a general subject.
- The bottom box presents the body of the cable. The opening can contain a more specific subject, references to other cables ([browse by origin](#) to find them) or additional comment. This is followed by the main contents of the cable: a summary, a collection of specific topics and a comment section.

To understand the justification used for the classification of each cable, please use this [WikiSource](#) article as reference.

SUBJECT: SALVADORAN RESPONSE TO UIGHUR RESETTLEMENT REQUEST

REF: A. STATE 89997
1B. STATE 89994

Classified By: Ambassador Charles L. Glazer, Reasons 1.4 (b) and (d)

(C) Ambassador raised reftel request for El Salvador to

assist in resettlement of Chinese Uighur detainees currently held at Guantanamo during a July 12 meeting met with Acting Foreign Minister Eduardo Calix. DCM raised the issue in a separate encounter later that day with MFA Director of Foreign Policy Ambassador Guillermo Melendez, the MFA's third-ranking official. DCM then met with both Calix and Melendez on July 17 for a more detailed discussion. During that meeting, Calix said that he would circulate the US request to other Salvadoran authorities, but added that he doubted that El Salvador would be able to resettle any of the Uighur currently in Guantanamo.
